

Why do we ask for documents?

HIC have spent over 25 years at the forefront of specialist motor insurance. As a result of this we have built long-standing relationships with many insurance companies.

When taking out a policy, you may be asked to submit some or all of the following documents:

- A copy of the driving licence for all drivers on the policy.
- A form detailing any modifications.
- Proof of your no claims bonus.
- A Security Declaration.
- Photographs.
- Your log book (v5).
- Declaration confirming current mileage reading.
- A utility bill.
- Further documentation (occasionally requested to support the policy).

If you have registered for MyHIC you can upload your documents using your online account - just [\[click here\]](#) to log in.

Unfortunately, this additional paperwork does generate more work for you and for us, but ultimately our customers benefit from our stringent quality control of new policies. This allows us to accurately underwrite a policy and provide correct cover and pricing, particularly should new information come to light of which we were unaware.

Over the years we have successfully negotiated large discounts for our customers and have only been able to do this because of the quality of the business we provide to our insurer partners. It is vital that we protect these discounts, enabling us to continue offering our customers fantastic prices on great products. This is why we have to ask for copies of the various documents we have listed.

A few minutes of your time sending us the documents we have requested will allow us to continue offering some of the most competitive rates found anywhere in the UK insurance market.
